

Children's Ministry

St. Charles Borromeo Parish Community

Developing a Heart for God

Guiding Principles

1. Heartfelt Relationships

Partnering with parents to guide kids toward a HEART for God.

2. Engaging Teaching

Connecting with kids, on their level - fun, simple, active, personal, and repetition

3. Authentic Worship

Few things are more impactful in a child's life than worshipping together as family. As we facilitate these opportunities, we support parents in teaching children how to participate in authentic worship.

4. Real Service

Every believer—even a young child—is called to demonstrate their faith through good works. As parents and church leaders, it's our responsibility to give them the opportunity to do so.

5. Telling The Good News

When we plan, we plan around telling the good news. When we cast vision, we cast it around telling the good news. When we teach, telling the good news is central to every lesson.
